

Citizens Advisory Committees

Citizens Advisory Committees consist of qualified members from the community whose purpose is to provide input, advice and support to the School Board.

There are five committees on which members of the public may serve:

- Construction Advisory Committee (CAC)
- Curriculum Advisory Committee (CUAC)
- Equity and Diversity Advisory Committee (EDAC)
- Finance Advisory Committee (FAC)
- Strategic Planning and Accountability Advisory Committee (SPA)

Anyone interested in serving on one of these committees should fill out an online application. School Board members will choose and approve new members.

The Lee County School Board is actively searching for members to join their Citizens Advisory Committees.
