

THE SCHOOL DISTRICT OF LEE COUNTY

PROCUREMENT SERVICES DEPARTMENT

Doug Gupton, Procurement Agent

ADDENDUM TO CONTRACT DOCUMENTS

ADDENDUM NO.: 1

PROJECT NAME: ITB No. B197357DG – Fertilizer, Herbicides, Insecticides and Pesticides

DATE OF ISSUE: April 22, 2019

The following information shall be included in the ITB documents and is hereby made part of the contract documents in the form of clarification, addition, deletion or revision to the contract specifications.

Bidders' questions/issues and District answers (District answers are italicized):

- Q1. Hello, my question is what is the best way to bid for specific needed items if we have comparable products that are not necessarily apples to apples. For example we carry concentrated liquid microbial plant nutrition products that are specifically to promote healthy growth of turf and plants. There is not an exact product in the list that we can bid against that is equal to ours. We are working with Cape Coral and Collier County as a fertilizer for the fields in conjunction with other products used through out the year with great results. We also have liquid insecticide and fungicide products used with other chemical products to maximum results. How do you suggest we bid with these products?
- A1. *See the 'Approved Equal Products' section (page 14, Item 4) for instructions on submitting alternative products. Alternative products can be bid as an Approved Equal product, or as a catalog discount off balance of line item (Item 104 on Attachment A). Alternative products bid as catalog discount off balance of line items should include a list of products and corresponding materials data sheets.*

REMINDER: Client References and bids are due by 2:00 PM, Wednesday April 24, 2019.

There are no other changes at this time. Please acknowledge this addendum via Attachment D, Addenda Acknowledgement Form, in your submittal.

Thank you for your interest in The School District of Lee County.
