Bidders must submit one original, manually signed bid, signed by a representative authorized to legally bind the Bidder to the provisions herein; additional copies as required in the detailed specifications; one electronic version on flash drive identical to the original in PDF format; and all attachments and forms completed as required herein. Additional bid submittal requirements may be defined in the detailed specifications herein. Unless otherwise specified, Bidders must use the form(s) furnished by the District. **Bids received that fail to comply with these submittal requirements may not be considered for award.**
2. **Definitions:** for the purpose of this Invitation to Bid (ITB), the following words and phrases shall have these meaning:
  - a) "District" shall mean The School District of Lee County, Florida.
  - b) "Bidder" shall mean any person, firm or corporation who submits a bid pursuant to this ITB.
  - c) "Vendor" shall mean the successful bidder(s), whether a corporation, partnership, individual or any combination thereof, and its, their or his successors, personal representatives, executors, administrators, and assignees.
3. **Bidder's Responsibility:** It is the responsibility of the Bidder to obtain all pages of the ITB package and all attachments thereto, together with any addenda to the ITB package that may be issued prior to the ITB due date. Bidders are required, before submitting their bid, to obtain and carefully examine the ITB specifications and to completely familiarize themselves with all of the terms and conditions. Ignorance on the part of a Bidder will in no way relieve them of any of the obligations and responsibilities which are a part of this bid.
4. **Bid Submittal:** All bids shall be typewritten or filled in with pen and ink. Bids having erasure or corrections must be initialed by the Bidder in ink. All bids must be signed in ink by an officer or employee having authority to legally bind the Bidder. All bid pricing shall be on Attachment A Bid Response Form and signed by an authorized officer of the company. By signing, Bidder attests that they fully understand there will be no recourse for negligence or oversight for not doing so. Completed bid must be submitted in a sealed envelope.
5. **Specification Precedence:** If a conflict exists between the general conditions and the detailed specifications, then the detailed specifications shall prevail.
6. **Public Entity Crime:** Pursuant to Florida Statute 287.133, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a vendor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO, for a period of 36 months from the date of being placed on the convicted vendor list.

Bidders shall complete and submit with their bid the complete, accurate, and notarized statement required by Section 287.133, Florida Statutes, Public Entity Crimes Statement, provided herein. Failure to submit a properly completed and notarized form shall be cause for submittal to be judged non-responsive.
7. **Specification Variances:** For purpose of evaluation, the Bidder must indicate any and all variances from specifications, terms and/or conditions regardless of how slight. If variations are not stated in the bid, it shall be assumed that the proposed product or service fully complies with the specifications, terms and conditions herein.
8. **Requests for Clarifications:** Any and all questions regarding this ITB, whether technical, procedural or otherwise, must be submitted in writing to the attention of the Procurement Agent designated herein, seven (7) business days prior to the ITB due date unless otherwise stated in the detailed specifications. All such interpretations and supplemental instructions will be in the form of written addenda to the ITB documents. No correction or clarification of any ambiguity, inconsistency or error in the ITB terms, conditions or specifications will be made to any Bidder orally. Only the interpretation or correction so given by the Procurement Agent, in writing, shall be binding. Bidders are advised that no other source is authorized to give information concerning, explaining, or interpreting the ITB documents. If a Bidder should be of the opinion that the meaning of any part of the bid specifications are uncertain, obscure, or contains errors or omissions, they should report such opinion to the Procurement Agent in writing no more than three (3) days after the receipt of the documents.
9. **Delivery of Bid:** One bid clearly marked "Original", copies as required herein, and one (1) flash drive with an electronic version identical to the original in PDF format must arrive no later than 2:00 PM., local time, on or before the due date specified on the cover sheet of this ITB. Bids shall be organized and shall include necessary information as to be in full compliance with the ITB specifications. The District reserves the right to reject and not consider any bid that is not submitted in accordance with the ITB general conditions, specifications or ITB submittal requirements. The response shall be submitted in a sealed envelope addressed to The School District of Lee County, Department of Procurement Services, 2855 Colonial Blvd., Fort Myers, FL 33966-1012.

- a) If a bid is delivered in person, Bidder must follow the District's security access procedures as follows: park in visitor's parking area; enter building through front door; present bid to Procurement Department representative for official date/time stamping.
  - b) Bids received by telephone, telegraph, electronic mail, or facsimile machine shall not be accepted unless stated in the special conditions of this ITB.
10. **Bid Opening:** Bid openings shall be public at the date and time stated in the ITB at the Department of Procurement Services of The School District of Lee County, 2855 Colonial Blvd., Fort Myers, Florida 33966-1012, unless otherwise indicated.
  11. **Bids Received Late:** It is the Bidder's responsibility to assure that the bid is received by the Department of Procurement Services prior to the opening date and time specified. Any bid received after the opening date and time shall not be considered for award. The District will not be responsible for bids received late because of delays by a third party delivery service; e.g., U.S. Mail, UPS, Federal Express, etc.
  12. **Processing Time:** It is understood that the normal bid processing time shall be 90 days after the opening date of this ITB, and that prices reflected by the bid will be firm through the bid processing time and the delivery of items awarded.
  13. **Original and Renewal Term:** Unless otherwise indicated in the detailed specifications the award resulting from this bid shall be in effect for one (1) year commencing upon Board approval or until new bids are taken and awarded. The award resulting from this bid (or any portion thereof) may be renewed for two (2) additional one (1) year periods, or extended for a period up to 180 days beyond the term, including the final term, upon mutual agreement of both parties, under the same terms and conditions as the original award. The District, through its Department of Procurement Services, will, if considering a renewal or extension, request a letter of intent to renew or extend from one or more awardees, prior to the end of the current contract period. The awardees will be notified when the recommendation has been acted upon by the District. The Bidder agrees to these conditions by signing its bid.
  14. **Lobbying:** From the time that a formal solicitation is released until such time as an award is made by the School Board, vendors are prohibited from lobbying School Board Members, District employees, or any community member appointed to serve on the relevant selection committee, regarding the formal solicitation. All inquiries must be written and directed to the Department of Procurement Services.
    - (a) Lobbying is defined as any action taken by an individual, firm, association, joint venture, partnership, syndicate, corporation, and all other groups who seek to influence the governmental decision of School Board Members, District employees, or any community member appointed to serve on the relevant selection committee, on the award of a contract. Lobbying by any respondent or any individual on behalf of a vendor will result in rejections/disqualification of said response.
    - (b) Violation of the provision regarding lobbying may also result in debarment of the vendor as provided in Policy 6.071.
  15. **Prompt Payment Discount:** Cash discount for prompt payment of invoices, if offered, shall not be considered in evaluating bids and making awards. Cash discount terms, if offered in the bid, must be clearly indicated on each invoice.
  16. **Brands:** Bidders shall indicate, for each item proposed, the name and model of the brand being proposed. Use of brand names, trade names, make, model, manufacturer, or Bidder catalog number in the specifications is for the purpose of establishing a grade or quality of material only. It is not the District's intent to rule out other competition; therefore, the phrase "OR APPROVED EQUAL" is added, unless otherwise indicated in the specifications. However, if a product other than specified is proposed, it is the Bidder's responsibility to submit, with the bid, samples, descriptive literature and/or detailed specifications which illustrate the product sufficiently for evaluation. Bids received without this information, or with insufficient information, as determined by the evaluation committee, may not be considered. If the words "ONLY" or "NO SUBSTITUTES" appear in the specification, then no other brands, trade names, makes, models or manufacturers shall be considered. The District shall be the sole judge concerning the merits of bids submitted. Once an item is awarded from this bid to a Vendor, no substitution of brands shall be permitted. If a Bidder does not indicate what he is offering in the proper blank and if the Bidder is successful in being awarded the item(s) then the Vendor shall be obligated to furnish the item(s) specified by the District.
  17. **Warranty/Guarantee:** All materials and/or services furnished under this bid shall be warranted by the Vendor, distributor and manufacturer to be free from defects and fit for the intended use. Unless otherwise requested, the items proposed must be new and equal to or exceed specifications. The manufacturer's standard guarantee or warranty shall apply. During the guarantee or warranty period, the Vendor must repair and/or replace the unit without cost to the District with the understanding that all replacements shall carry the same guarantee or warranty as the original equipment. Further, in the event a unit requires a return to the manufacturer for repairs and/or replacements, freight charges both ways shall be the responsibility of the Vendor. The Vendor shall make any such repairs and/or replacements immediately upon receiving notice from the District
  18. **Bid Evaluation and Award:** Bids shall be reviewed in accordance with the ITB specifications and conditions and the best interest of the District. The District reserves the right to accept or reject any or all bids in part or in whole, waive minor variations, informalities, irregularities,

omissions or technicalities, request new bids, and/or consider alternate bids which meet the general specifications set forth. Bids which contain any alteration, addition, conditions, limitations, unauthorized alternates or show irregularities of any kind may be rejected by the District. The District reserves the right to award bids on such products and/or services it deems will best serve the District's best interest from the standpoint of price (including any applicable preference pursuant to Section 287.084, F.S.), quality, and suitability for the intended purpose and any other determining factors.

- a) A tabulation of the responses with intent to award shall be posted for review by interested parties at the office of the Department of Procurement Services and shall remain posted for a period of no less than three (3) days. This information shall also be posted on School District of Lee County's website <http://www.leeschools.net/procurement>.
- b) A recommendation for award will be presented to the Superintendent, and subsequently to the School Board for consideration. The School Board exercises final award of a contract.

19. **Notification of Award/Purchase Orders:** Upon Board approval to award a contract, participating Bidders, successful and unsuccessful, shall be notified of the award configuration in writing by the Department of Procurement Services. Bidders who are awarded a contract resulting from this ITB are cautioned not to provide goods or services to any District site or to any District employee prior to receiving purchase orders issued by the District's Department of Procurement Services. Notification of Award is not to be construed as authorization to provide goods or services.

20. **Contract Documents:** The submission of a bid constitutes an offer by the Bidder. Upon Board approval the Department of Procurement Services will issue a letter of award. This ITB, any addenda to this ITB, the submitted bid, and the corresponding purchase order(s) and change order(s) will constitute the complete agreement between the successful Bidder and the District. If a specific contract document is requested by the District, it shall be included with the above mentioned items as part of the contract agreement. Each bid is received with the understanding that an acceptance in writing by the District of the offer to furnish any or all of the services and materials described shall constitute a contract between the Bidder and the District. This contract shall bind the Bidder to furnish and deliver the services and materials quoted, at the prices stated and in accordance with the terms conditions of said accepted bid. It is agreed that the Bidder will not assign, transfer, convey or otherwise dispose of the contract or its right, title or interest in or to the same, or any part thereof, without previous consent of the District and any sureties.

21. **Bid Bonds:** Bid bonds, when required, shall be submitted with the bid in the amount specified in the detailed specifications. Bid bonds will be returned to unsuccessful Bidders.

22. **Performance Bonds:** When required and after acceptance of a bid, the District will notify the successful Bidder to submit a recorded payment and performance bond in the amount specified in the detailed specifications.

23. **General Information about the District:** The District and its School Board of Lee County were created pursuant to Section 4, Article IX of the Constitution of the State of Florida. - a) The School Board consists of seven elected officials responsible for the adoption of policies, which govern the operation of District public schools. The Superintendent of Schools is responsible for the administration and management of the schools within the applicable parameters of State Laws, State Board of Education Rules, and School Board policies. - a) The volatility is due to causes wholly beyond the vendor's control
- b) The volatility affects the marketplace or industry, not just the particular vendor's source of supply
- c) The effect on pricing or availability of supply is substantial
- d) The volatility so affects the vendor that continued performance of the contract would result in substantial loss or financial hardship.

The determination as to whether a situation represents "extreme" volatility of the marketplace and/or whether the effect on pricing or availability is "substantial" shall be solely at the discretion of the District. Requests for adjustments must be made to the Director of Procurement Services within twenty four hours after receipt of an order from the District for the affected product and will not be considered more than once in a 120-day period.

25. **Substitutions:** Should a particular product become unavailable after award due to discontinuance by

manufacturer, extreme market demand or inability of manufacturer to produce the product for a certain period of time, or be unacceptable in quality or compatibility as solely determined by the District, Vendor may propose a substitute product to the District. The Vendor shall provide specifications for the proposed substitute product, or if requested by the District, a sample of the proposed substitute. If requested by the District, the Vendor will also provide documentation as to the unavailability of the original awarded product to the District. A substitute will only be considered if the District has a continued need for the product within the contract time frame. Whether a substitute is necessary and whether the proposed substitute is acceptable are solely within the discretion of the District.

26. **Vendor Performance:** The Vendor shall provide competent, suitable, qualified personnel to perform any project required by the ITB. - k) Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery, not indicated in the contract documents to be removed or altered, shall be protected by Vendor from damage during the prosecution of any project. Any such improvements so damaged shall be restored by Vendor to condition at least equal to that existing at the time of Vendor's commencement of any project.
- l) Vendor acknowledges that work may be performed at a particular project site where the District simultaneously is conducting and continuing its operations upon the same site. In such event, Vendor shall coordinate its work so as to cause no unreasonable interference with or disruption to the District's operations. The District may perform other work related to any particular project at the site by the District's own forces, have other work performed by utility owners or let other direct contracts.
- m) If during the performance of any project, Vendor or any subcontractor, sub-subcontractor, agent, employee or anyone else for whom Vendor is legally liable, causes a disruption to any Utilities service to other facilities or customers within a project area, Vendor shall take all actions necessary and required to immediately restore such Utilities service. If Vendor fails to take such immediate actions the District shall have the right to take whatever actions it deems

necessary and required to immediately restore the disrupted services, and all costs incurred by the District as a result thereof shall be reimbursed to the District by Vendor within five (5) business days of written demand for same from the District.

- n) Vendor is responsible for the safety and protection of all persons and property on or about the project site during the progress of any project. Further, it is Vendor's responsibility to protect from damage or loss all material and equipment to be incorporated into any project which may be stored off the project site. Vendor shall develop and implement, in accordance with the requirements of the contract documents (including any District rules or regulations), a safety plan for any project, as required. Vendor shall comply with all applicable codes, laws, ordinances, rules and regulations of the District and any public body having jurisdiction over any project, including all of their safety codes, laws, ordinances, rules and regulations. Upon cancellation hereunder the Board may pursue any and all legal remedies as provided herein and by law. The Board reserves the right to terminate any contract resulting from this invitation at any time and for any reason, upon giving seven (7) days prior written notice to the other party. If said contract should be terminated for convenience as provided herein, the Board will be relieved of all obligations under said contract. The Board will only be required to pay to the Vendor that amount of the contract actually performed to the date of termination. Repeated instance of failure to perform may result in cancellation of the contract and removal of the Vendor from consideration on other District contracts for the duration of the document contract period or for three years, whichever is longer, pursuant to the School Board Policy 6.071. The contract may be terminated in accordance with Section 287.135, Florida Statutes, by the District if:

The Vendor will bear the cost of acquiring the background screening and any fee imposed by the Florida Department of Law Enforcement to maintain the fingerprints provided with respect to Vendor and its employees. Vendor will provide the District a list of its employees who have completed background screening as

Vendor will update these lists in the event that any employee listed fails to meet the statutory standards or new employees who have completed the background check and meet standards are added. - a) The parties agree that in the event that Vendor fails to perform any of the duties described in this paragraph, this will constitute a material breach of the contract entitling the District to terminate immediately with no further responsibility to make payment or perform any other duties under this contract. Vendor agrees to indemnify and hold harmless the District, its officers and employees from any liability in the form of physical injury, death, or property damage resulting from Vendor's failure to comply with the requirements of this paragraph of the Florida Statutes.

unless the individual meets an exception contained in the School Board Policy. Individuals subject to a criminal background screening under this section shall pay the processing and maintenance fee required for all appropriate background checks.
