1. **Electronic Proposal Requirements:** The "Proposer Information Sheet", page 2 of the ITN, must be completed, signed, and returned with each proposal. Proposers must submit one electronic proposal, electronically signed by a representative authorized to legally bind the Proposer to the provisions herein; and all attachments and forms completed as required herein. Unless otherwise specified, Proposers must use the form(s) furnished by the District. **Proposals received that fail to comply with these submittal requirements may not be considered for award.**
2. **Definitions:** For the purpose of this Invitation to Negotiate (ITN), the following words and phrases shall have these meaning:
  - a) "District" shall mean The School Board of Lee County, Florida.
  - b) "Proposer" shall mean any person, firm or corporation who submits a proposal pursuant to this ITN.
  - c) "Vendor" shall mean the successful Proposer(s), whether a corporation, partnership, individual or any combination thereof, and its, their or his successors, personal representatives, executors, administrators, and assignees.
3. **Proposer's Responsibility:** **It is the responsibility of the Proposer to obtain all pages of the ITN package and all attachments thereto, together with any addenda to the ITN package that may be issued prior to the ITN due date.** Proposers are required, before submitting a proposal, to obtain and carefully examine the ITN specifications and to completely familiarize themselves with all of the terms and conditions. Ignorance on the part of a Proposer will in no way relieve them of any of the obligations and responsibilities which are a part of this proposal.
4. **Proposal Submittal:** All proposals electronically submitted using the Bonfire Platform. Proposals having erasure or corrections must be initialed by the Proposer. All proposals must be signed by an officer or employee having authority to legally bind the Proposer. All proposal pricing shall be on the response form provided herein and signed by an authorized officer of the company. By signing, Proposer attests that they fully understand there will be no recourse for negligence or oversight for not doing so. Completed proposal must be submitted in the Bonfire Platform.
5. **Special Conditions:** If a conflict exists between the general conditions and the detailed specifications, then the detailed specifications shall prevail.
6. **Public Entity Crime:** Pursuant to Florida Statute 287.133, a person or affiliate who has been placed on the convicted Vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit proposals on leases of real property to a public entity, may not be awarded or perform work as a Contractor, supplier, Subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO, for a period of 36 months from the date of being placed on the convicted Vendor list. Proposers shall complete and submit with their Proposal the complete, accurate, and notarized statement required by Section 287.133, Florida Statutes, Public Entity Crimes Statement, provided herein. Failure to submit a properly completed and notarized form shall be cause for submittal to be judged non-responsive.
7. **Specification Variances:** For purpose of evaluation, the Proposer shall indicate any and all variances from specifications, terms and/or conditions regardless of how slight. If variations are not stated in the proposal, it shall be assumed that the proposed product or service fully complies with the specifications, terms and conditions herein.
8. **Requests for Clarifications:** Any and all questions regarding this ITN, whether technical, procedural or otherwise, must be submitted in writing to the attention of the Procurement Agent designated herein, ten (10) business days prior to the ITN due date, or as otherwise specified in the detailed specifications. All such interpretations and supplemental instructions will be in the form of written addenda to the ITN documents and posted on the Bonfire Platform. No correction or clarification of any ambiguity, inconsistency or error in the ITN terms, conditions or specifications will be made to any Proposer orally. Only the interpretation or correction so given by the Procurement Agent, in writing, shall be binding. Proposers are advised that no other source is authorized to give information concerning, explaining, or interpreting the ITN documents. If a Proposer should be of the opinion that the meaning of any part of the proposal specifications are uncertain, obscure, or contains errors or omissions, they should report such opinion to the Procurement Agent in writing no more than three (3) days after the receipt of the documents.
9. **Submission of Proposal:** One proposal must be electronically submitted in the School District of Lee County's Bonfire Platform no later than the date and time specified on the cover sheet of this ITN, to be considered. Proposals shall be organized and shall include necessary information as to be in full compliance with the ITN specifications. The District reserves the right to reject and not consider any proposal that is not submitted in accordance with the ITN general conditions, specifications or ITN submittal requirements.
10. **Proposal Opening:** Proposal openings shall be public at the date and time stated in the ITN at the Department of Procurement Services of The School District of Lee County, 2855 Colonial Blvd., Fort Myers, Florida 33966-1012, unless otherwise indicated.
11. **Proposals Received Late:** It is the Proposers responsibility to assure that the proposal is received by the Department of Procurement Services, Bonfire Platform prior to the opening date and time specified. The Bonfire electronic platform will not allow submissions after the due date and time and therefore will not be considered for award.
12. **Processing Time:** It is understood that the normal proposal processing time shall be 120 days after the opening date of

this ITN, and that prices reflected by the proposal will be firm through the proposal processing time and the delivery of items awarded.

13. **Original and Renewal Term:** The award resulting from this ITN shall be in effect for the term defined in the detailed specifications commencing upon Board approval or until new proposals are taken and awarded. The award resulting from this ITN (or any portion thereof) has the option of being renewed as defined in the detailed specifications, or extended for a period up to 180 days, upon mutual agreement of both parties, under the same terms and conditions as the original award. The District, through its Department of Procurement Services, will, if considering a renewal or extension, request a letter of intent to renew or extend from one or more awardees, prior to the end of the current contract period. The awardees will be notified when the recommendation has been acted upon by the District. The Proposer agrees to these conditions by signing its proposal.
14. **Lobbying:** From the time that a formal solicitation is released until such time as an award is made by the School Board, Vendors are prohibited from lobbying School Board Members, District employees, or any community member appointed to serve on the relevant selection committee, regarding the formal solicitation. All inquiries must be written and directed to the Department of Procurement Services.
  - (a) Lobbying is defined as any action taken by an individual, firm, association, joint venture, partnership, syndicate, corporation, and all other groups who seek to influence the governmental decision of School Board Members, District employees, or any community member appointed to serve on the relevant selection committee, on the award of a contract. Lobbying by any Proposer or any individual on behalf of a Vendor will result in rejections/disqualification of said response.
  - (b) Violation of the provision regarding lobbying may also result in debarment of the Vendor as provided in Policy 6.071.
15. **Prompt Payment Discount:** Cash discount for prompt payment of invoices, if offered, shall not be considered in evaluating proposals and making awards. Cash discount terms, if offered in the proposal, must be clearly indicated on each invoice.
16. **Brands:** Proposers shall indicate, for each item proposed, the name and model of the brand being proposed. Use of brand names, trade names, make, model, manufacturer, or Vendor catalog number in the specifications is for the purpose of establishing a grade or quality of material only. It is not the District's intent to rule out other competition; therefore, the phrase "OR APPROVED EQUAL" is added, unless otherwise indicated in the specifications. However, if a product other than specified is proposed, it is the Proposer's responsibility to submit, with the proposal, samples, descriptive literature and/or detailed specifications which illustrate the product sufficiently for evaluation. Proposals received without this information, or with insufficient information, as determined by the evaluation committee, may not be considered. If the words "ONLY" or "NO SUBSTITUTES" appear in the specification, then no other brands, trade names, makes, models or manufacturers shall be considered. The District shall be the sole judge concerning the merits of proposals submitted. If a Proposer does not indicate what he is offering in the proper blank and if the Proposer is successful in being awarded the item(s) then the Proposer shall be obligated to furnish the item(s) specified by the District.
17. **Warranty/Guarantee:** All materials and/or services furnished under this proposal shall be warranted by the Vendor, distributor and manufacturer to be free from defects and fit for the intended use. Unless otherwise requested, the items proposed must be new and equal to or exceed specifications. The manufacturer's standard guarantee or warranty shall apply. During the guarantee or warranty period, the Vendor must repair and/or replace the unit without cost to the District with the understanding that all replacements shall carry the same guarantee or warranty as the original equipment. The Vendor shall make any such repairs and/or replacements immediately upon receiving notice from the District.
18. **Proposal Evaluation and Award:** Proposals shall be reviewed in accordance with the ITN specifications and conditions and the best interest of the District. The District reserves the right to accept or reject any or all proposals in part or in whole, waive minor variations, informalities, irregularities, omissions or technicalities, request new proposals, and/or consider alternate proposals which meet the general specifications set forth. Proposals which contain any alteration, addition, conditions, limitations, unauthorized alternates or show irregularities of any kind may be rejected by the District. The District reserves the right to award proposals on such products and/or services it deems will best serve the District's best interest from the standpoint of price (including any applicable preference pursuant to Section 287.084, F.S.), quality, and suitability for the intended purpose, including product life cycle costs, and any other determining factors.
  - a) Proposals will be evaluated, scored and ranked based on the written responses to the proposal grading criteria specified herein. Based on the rankings, one or more firms may be selected to commence negotiations. The District reserves the right to create, and select Proposers from a "short list" in order to enter into final contract negotiations with one or more Proposers, with the intent of awarding a contract and producing terms and conditions to reflect the outcome of the negotiations.
  - b) The District reserves the right to conduct optional interviews/presentations with none, some or all Proposers.
  - c) The District reserves the right to negotiate individually or collectively with one or more top ranked firms, and to evaluate, score and rank Proposers who enter into final contract negotiations, based on the grading criteria specified herein. Proposers invited to negotiate shall make available at each and every negotiation their representatives with the responsibility and authority to legally commit the Proposer to final terms and conditions. Proposers are cautioned to present their best offer with their proposal as the District may select a proposal for award without further negotiation.
  - d) After final evaluation, ranking, and/or negotiation of one or more proposals, a tabulation of the responses with

intent to award shall be posted for review by interested parties on the School District of Lee County's website <http://www.leeschools.net/procurement> for a period of no less than three (3) days.

- e) A recommendation for award will be presented to the Superintendent, and subsequently to the School Board for consideration. The School Board exercises the authority to accept or reject proposals.

19. **Notification of Award/Purchase Orders:** Upon Board approval to award a contract, participating Proposers, successful and unsuccessful, shall be notified of the award configuration in writing by the Department of Procurement Services. Proposers who are awarded a contract resulting from this ITN are cautioned not to provide goods or services to any District site or to any District employee prior to receiving purchase orders issued by the District's Department of Procurement Services. Notification of Award is not to be construed as authorization to provide goods or services.

20. **Contract Documents:** The submission of a proposal constitutes an offer by the Proposer. Upon Board approval the Department of Procurement Services will issue a letter of award. This ITN, any addenda to this ITN, the submitted proposal, revisions to such documents agreed upon by both parties in writing during the negotiation process, and the corresponding purchase order(s) and change order(s) will constitute the complete agreement between the successful Proposer and the District. If a specific contract document is requested by the District, it shall be included with the above-mentioned items as part of the contract agreement. Each proposal is received with the understanding that an acceptance in writing by the District of the offer to furnish any or all of the services and materials described shall constitute a contract between the Proposer and the District. This contract shall bind the Proposer to furnish and deliver the services and materials quoted, at the prices stated and in accordance with the terms conditions of said accepted proposal. It is agreed that the Proposer will not assign, transfer, convey or otherwise dispose of the contract or its right, title or interest in or to the same, or any part thereof, without previous consent of the District and any sureties.

21. **General Information about the District:** The District and its School Board of Lee County were created pursuant to Section 4, Article IX of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by District school officials in accordance with Chapter 1001, Florida Statutes.

- a) The School Board consists of seven elected officials responsible for the adoption of policies, which govern the operation of District public schools. The Superintendent of Schools is responsible for the administration and management of the schools within the applicable parameters of State Laws, State Board of Education Rules, and School Board policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of records and accounts in the District by Section 1001.51, Florida Statutes as prescribed by the State Board of Education.

- b) The District serves the entire area of the county, including the cities of Bonita Springs, Cape Coral, Fort Myers, Fort Myers Beach, Sanibel and the Village of Estero. The District's enrollment is approximately 95,000 pre-k-12 students. With approximately 12,000 employees (including full-time, part-time, substitutes, short-course instructors, and hourly employees), the District is the second largest employer in Lee County.

22. **Price Adjustments:** The District may, in its sole discretion, make an equitable adjustment in the contract terms and/or pricing if pricing or availability of supply are affected by extreme and unforeseen volatility in the marketplace, that is, by circumstances that satisfy all of the following criteria:

- a) The volatility is due to causes wholly beyond the Vendor's control
- b) The volatility affects the marketplace or industry, not just the particular Vendor's source of supply
- c) The effect on pricing or availability of supply is substantial
- d) The volatility so affects the Vendor that continued performance of the contract would result in substantial loss or financial hardship.

The determination as to whether a situation represents "extreme" volatility of the marketplace and/or whether the effect on pricing or availability is "substantial" shall be solely at the discretion of the District. Requests for adjustments must be made to the Director of Procurement Services within twenty-four hours after receipt of an order from the District for the affected product and will not be considered more than once in a 120-day period. For contracts with an initial award period exceeding one (1) year, prices shall remain firm for the first year.

23. **Substitutions:** Should a particular product become unavailable after award due to discontinuance by manufacturer, extreme market demand or inability of manufacturer to produce the product for a certain period of time, or quality or compatibility as solely determined by the District, Vendor may propose a substitute product to the District. The Vendor shall provide specifications for the proposed substitute product, or if requested by the District, a sample of the proposed substitute. Vendor will also provide documentation as to the unavailability of the original awarded product to the District for its review. Such a substitute will only be considered if the District has a continued need for the product within a specified time frame where the original awarded product will be unavailable. Whether a substitute is necessary and whether the proposed substitute is acceptable are solely within the discretion of the District.

24. **Vendor Performance:** The Vendor shall provide competent, suitable, qualified personnel to perform any project required by the ITN. The Vendor shall at all times maintain good discipline and order while on District property. Vendor employees and Subcontractor employees (if authorized) assigned to this contract must be pre-screened and will be thoroughly reviewed for but not limited to current certification and documentation. When on District property:

Uniforms and/or dress code shall be inclusive of, but not limited to, neat and clean company uniforms or attire that are appropriate and easily identifiable. District identification badges shall be worn and clearly visible while on any District property.
- c) The Vendor's personnel shall have no contact with students or school staff, other than administrative staff or designated representatives, with the exception of emergency situations. The Vendor employees shall refrain from using foul, abusive, or profane language on District property.
- d) Upon arrival and departure onto any District school campus, the Vendor's employees shall enter their company information into the School Log Book provided in the Administrative office of each campus.

Vendor's personnel shall be aware that it is illegal to have in one's possession any firearm, illegal drug or alcoholic beverage while on District property; or be under the influence of any illegal drug or alcoholic beverage while on District property.
- f) When on District property, the Vendor shall strictly limit its operations to the designated work areas and shall not permit any employees to enter any other portions of District property without District's expressed prior written consent.
- g) All employees are prohibited from distributing any papers or other materials upon District property, and are strictly prohibited from using any District telephones or other office equipment.
- h) All employees shall enter and leave District facilities only through the ingress and egress points designated, from time to time, by the District.
- i) The Vendor shall be responsible for the removal of all trash and debris occasioned by this contract. Failure to adhere to this requirement will result in the costs of the performance of this work by others being charged to the Vendor.
- j) The Vendor shall be responsible for all damages caused by the Vendor, its Subcontractors and employees of each, and shall be held responsible for replacing or repairing any damage due to negligence on their part to any person(s) and/or property. The District may withhold payment or make such deductions as deemed necessary to ensure reimbursement or replacement for loss or damage to property.
- k) Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and

shrubbery, not indicated in the contract documents to be removed or altered, shall be protected by Vendor from damage during the prosecution of any project. Any such improvements so damaged shall be restored by Vendor to condition at least equal to that existing at the time of Vendor's commencement of any project.

- l) Vendor acknowledges that work may be performed at a particular project site where the District simultaneously is conducting and continuing its operations upon the same site. In such event, Vendor shall coordinate its work so as to cause no unreasonable interference with or disruption to the District's operations. The District may perform other work related to any particular project at the site by the District's own forces, have other work performed by utility owners or let other direct contracts.
- m) If during the performance of any project, Vendor or any Subcontractor, sub-Subcontractor, agent, employee or anyone else for whom Vendor is legally liable, causes a disruption to any utilities service to other facilities or customers within a project area, Vendor shall take all actions necessary and required to immediately restore such utilities service. If Vendor fails to take such immediate actions the District shall have the right to take whatever actions it deems necessary and required to immediately restore the disrupted services, and all costs incurred by the District as a result thereof shall be reimbursed to the District by Vendor within five (5) business days of written demand for same from the District.
- n) Vendor is responsible for the safety and protection of all persons and property on or about the project site during the progress of any project. Further, it is Vendor's responsibility to protect from damage or loss all material and equipment to be incorporated into any project which may be stored off the project site. Vendor shall develop and implement, in accordance with the requirements of the contract documents (including any District rules or regulations), a safety plan for any project, as required. Vendor shall comply with all applicable codes, laws, ordinances, rules and regulations of the District and any public body having jurisdiction over any project, including all of their safety codes, laws, ordinances, rules and regulations. If Vendor observes that the Contract Documents are at variance therewith, it shall promptly notify the District in writing.
- o) When requested, Vendor shall cooperate with any ongoing District investigation involving personal injury, economic loss or damage to the District's facilities or personal property therein.
- p) Proper safety barricades, protective, and covering devices shall be used to divert traffic and protect personnel. Normal safety signs, necessary lighting and temporary fencing/barricades around work areas shall be installed and maintained in accordance with OSHA requirements while the work is in progress. Materials must be secured in accordance with OSHA regulations when not in use.
- q) The Vendor shall be responsible for instructing their employees in all safety measures. All equipment used by

the Vendor shall be free from defects or wear that may in any way constitute a hazard to any person or persons on District property. At no time shall equipment be operated without guards, shields, or other manufacturers recommended safety accessories in place and functioning as intended by the manufacturer. All current OSHA safety standards shall be reinforced including, but not limited to, the following rules:

- i. All OSHA and Federal required safety equipment shall be installed and functioning on all equipment.
- ii. All equipment shall be in sound working condition and must meet all OSHA Safety Standards. All workers shall be aware of and trained in the operation of all safety equipment required for this project.
- iii. The Vendor shall ensure that employees are equipped with proper safety items such as glasses, hard hats, gloves, etc.
- iv. All incidents on campus involving District property or personnel shall be reported to the Director of Maintenance Services Department and the Campus Administrator immediately upon occurrence.
- v. All debris shall be removed to an environmentally approved landfill or recycling center.

**FAILURE TO COMPLY WITH ANY OF THE ABOVE PERFORMANCE REQUIREMENTS MAY RESULT IN TERMINATION OF CONTRACT.**

25. **Inspection, Identification and Acceptance:** Vendors shall be responsible for delivery of items in new condition meeting specification at point of destination. Vendor shall file with the carrier all claims for breakage, imperfections and other losses. If the material and/or services supplied to the District is found to be defective or does not conform to specifications, the District reserves the right to cancel the order upon written notice to the seller and return the product to the seller at the seller's expense.
26. **Bid Bonds:** Bid bonds, when required, shall be submitted with the bid in the amount specified in the detailed specifications. Bid bonds will be returned to unsuccessful Proposers.
27. **Performance Bonds:** When required and after acceptance of a proposal, the District will notify the successful Proposer to submit a recorded payment and performance bond in the amount specified in the detailed specifications.
28. **Worker's Compensation:** Vendors shall obtain and maintain during the life of the contract Workers' Compensation Insurance in compliance with Chapter 440, Florida Statutes for all of their employees employed on the project. In case any work is sublet, Vendor shall require Subcontractors similarly to provide Workers' Compensation Insurance.
29. **Supplier Diversity Plan:** The School Board of Lee County has a goal to expand participation opportunities for Minority Businesses in the construction and providing of goods and services to construction projects. Minority Business participation goals, along with reporting compliance procedures will be set during the negotiation process.
30. **Scrutinized Companies:** By submitting a proposal, Proposer certifies that it complies with House Bill 545 which prohibits a company that is on the Scrutinized Companies that Boycott Israel List or that is engaged in a boycott of Israel from bidding

on, submitting a proposal for, or entering into or renewing a contract with an agency or local government entity for goods or services of any amount. The bill also requires a contract with an agency or local governmental entity for goods or services of any amount entered into or renewed on or after July 1, 2018, to contain a provision that allows for the termination of the contract at the option of the awarding body if the company has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel. An agency or local governmental entity is authorized to make a case-by-case exception to the prohibition of contracting with companies that are on the Scrutinized Companies that Boycott Israel List or that is engaged in a boycott of Israel if certain conditions are met. Additionally, the bill requires a company to provide certification that it is not engaging in a boycott of Israel before submitting a bid or entering into or renewing a contract with an agency or local governmental entity. The bill provides for preemption of any ordinance or rule of any agency or local governmental entity involving public contracts for goods or services of any amount with a company that has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

31. **Cancellation/Termination:** In the event any of the provisions of the contract awarded as a result of this ITN are violated by the Vendor, the Superintendent or designee shall give written notice to the Vendor stating the deficiencies and unless the deficiencies are corrected within ten (10) calendar days, recommendation may be made to the Board for immediate cancellation. Upon cancellation hereunder, the Board may pursue any and all legal remedies as provided herein and by law. The Board reserves the right to terminate any contract resulting from this invitation at any time and for any reason, upon giving seven (7) days prior written notice to the other party. If said contract should be terminated for convenience as provided herein, the Board will be relieved of all obligations under said contract. The Board will only be required to pay to the Vendor that amount of the contract actually performed to the date of termination. Repeated instance of failure to perform may result in cancellation of the contract and removal of the Proposer from consideration on other District contracts for the duration of the document contract period or for three years, whichever is longer, at the discretion of the Director of Procurement. The contract may be terminated in accordance with Section 287.135, Florida Statutes, by the District if:
  - a) Vendor is found to have submitted a false certification concerning inclusion on a Scrutinized Companies List;
  - b) Vendor has been placed on the Scrutinized Companies that Boycott Israel List, or is engaged in a boycott of Israel;
  - c) Vendor has been placed on the Scrutinized Companies with activities in Sudan List or the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List; or
  - d) Vendor has been engaging in business operations in Cuba or Syria.
  - e) The District may at any time by written notice to the Vendor stop all or any part of the work for this ITN award. Upon receiving such notice, the Vendor will take all

reasonable steps to minimize additional costs during the period of work stoppage. The District may subsequently either cancel the stop work order resulting in an equitable adjustment in the delivery schedule and/or the price, or terminate the work in accordance with the provisions of the ITN terms and conditions.

- f) Failure of the Vendor to provide products within the time specified in the ITN shall result in the following: The Buyer shall notify Vendor in writing within five (5) calendar days via the Vendor Performance Form and provide five (5) calendar days to cure. If awarded Vendor cannot provide product, the District reserves the right to purchase product from the next lowest responsive and responsible awarded Vendor. The defaulting Vendor may be responsible for reimbursing the District for price differences.
32. **Default:** In the event that the awarded Proposer should breach this contract, the District and the School Board reserve the right to seek all remedies in law and/or in equity.
33. **Liability:** Where Vendors are required to enter or go onto District property to deliver materials, perform work or provide services as a result of a proposal award, the awarded Vendor assumes full duty, obligation and expense of obtaining all necessary licenses, permits and insurance, and shall be fully responsible for its own negligent or willful acts or omissions. Refer to the Attachment C (Insurance Requirements form) for the District's insurance requirements.
34. **Indemnity: This General Condition of the ITN is NOT subject to negotiation and any proposal that fails to accept these conditions may be rejected as "non-responsive", unless Vendor is entitled to sovereign immunity by action of the Florida Legislature.** The District agrees to assume liability in the amounts and for the cause established in Section 768.28, Florida Statutes for only injuries or damage caused by the negligence of the District, its agents or employees in performance of the duties of this contract. Nothing herein is intended to serve as a waiver of sovereign immunity by the District.
